

SHOT FROM AMBUSH
BY A NEBRASKA MOBMR. AND MRS. BARRETT SCOTT
WAYLAIED AT O'NEIL.

Volley Fired at Them By Mob Who Waited in an Abandoned Hut Beside the Road—Capt. Blair Lynched Only After a Very Hard Fight.

O'NEIL, Neb., Jan. 2.—Mr. Barrett Scott reached this city at midnight Monday night with the staling intelligence that ten miles east party of men had ambushed his husband, Barrett Scott, and shot him to death. The tragedy, she said, was acted at 2 o'clock in the afternoon.

Yesterday morning Barrett Scott, accompanied by his wife and little girl and niece, Miss McWhorter, and a hired man named John Schmidt, started for their home in O'Neill. About 2 o'clock, when they reached the most lonely part of the road, about ten miles northeast of O'Neill, they were called upon to halt. Mr. Scott dismounted on the left of the road that a half dozen men, who had been hiding in the ruins of an old sod hut, had hid covered with Winchester. He told Schmidt to punch the horses up and I did so. This unlooked for proceeding on the part of the occupants of the carriage called forth a protest from a murderous gang in the form of volley of lead from their Winchester. Then from a canon on the other side of the road a half dozen mob of the bandits put in an appearance and also commenced fire. Both of Scott's horses were shot, Scott himself receiving a bullet in the cheek, while Miss McWhorter was hit in the back. Neither Scott nor Miss McWhorter was dangerous; wounded. After killing the horses the occupants of the carriage were easy prey to highwaymen. Scott and Schmidt were bound, gagged, and blindfolded, and thrown into a wagon that the mob had readied, and they started off, going in a north-westerly direction. Mrs. Scott and her little daughter were silent spectators, while the husband and father, with blood streaming down his face from the bullet wound in his cheek. After the women got out of the carriage and ten of the mob had started off with both a closed carriage drove up, into which the women were placed, one of the gang acting as driver and another being up in the rear as bodyguard. They all wore masks and were heavily armed.

The men who had the women drove until dark, by which time they had got about ten miles from the scene of the hold up. The buggy was theistopped, and the driver asked Mrs. Scott if she could walk. She said she could, but feared Miss McWhorter, who was wounded, would be unable to walk. She was informed, however, she would have to get out and walk to house about one mile from them. Mrs. Scott, who was nearly prostrated with grief, begged the man to drive them to the house, but he refused, and they got out of the buggy and walked to the house, where they got the farmer living there, Frank Bartell, to take them to O'Neill.

At 10:30 Monday night Schmidt, who was taken with Scott, reached his city after walking about eighteen miles. From him we learned the following facts: The wagon in which Scott and himself were placed was driven slowly. He said they would stop about every fifteen minutes and whistle, as if signaling to some persons who were viewing the procession. About dark they stopped and taking both men from the wagon took them into an old barn. They had been there about an hour, when one of the mob approached and removed the gags from the prisoners. Then they told Schmidt they would let him go. As Schmidt was going out the door Scott said to the mob: "If you are going to kill me, for God's sake do it quick."

Schmidt started on the double quick, and after traveling about eight miles came to a house where he stopped and asked the distance and direction to O'Neill. To the farmer residing there, Patrick Gaghan, he told his story. Schmidt started out from here with a dozen men to try to find the barn where he was last night, but has not yet returned. One of the persons that was out came back and said he thought they were on the track of the parties, and that the sheriff would probably make some arrests soon. Mrs. Scott says she does not think there is any question that Scott was murdered. The citizens of O'Neill are making strenuous efforts to capture the perpetrators of this high handed crime.

Scott has hundreds of friends in the city and no efforts will be spared to bring the perpetrators of this heinous crime to justice. Should the sheriff and his deputies come upon the mob there will undoubtedly be more bloodshed, as the deputies are all heavily armed and are a determined set of men.

SIoux CITY, Iowa, Jan. 2.—Belief is expressed here that the whole story about Scott is a fake and that he has simply been abducted by friends who will get him out of the country.

FIGHTS FOR HIS LIFE.

Tom Blair, Before Being Lynched in Kentucky, Is Savagely Beaten.

MOUNT STERLING, Ky., Jan. 2.—At 2 o'clock this morning a mob of twenty-five men went to the county jail, over-

powered Jailer Best, secured the keys, and took from the jail Tom Blair of Morgan county and hanged him to a railroad trestle in the city limits. Blair fought desperately for his life and was beaten into almost insensibility before he was hanged. Blair was one of the men who assisted in killing Capt. J. L. Bomar in this city last February. He was cleared of the charge and was in jail for shooting with intent to kill a few days ago. It is supposed that friends of Bomar were the lynchers.

FIVE PERISH IN A FIRE.

Hotel Burns at Lancaster, Ky., Day Before It Was to Close.

LANCASTER, Ky., Jan. 2.—The Miller hotel was burned between 5 and 6 o'clock yesterday morning. Edward A. Pascoe and wife, his baby, about 2 years of age, were in the hotel at the time and only Mrs. Pascoe escaped. Two unknown traveling men are also known to have been burned and probably others, as the register was burned. The fire started in the cellar, where it must have been smoldering all night as the Pascoes were nearly suffocated when awakened. The husband assisted his wife to the window and returned to assist his mother-in-law and babe, but was not able to return. The hotel was conducted by Pascoe, and he had made all arrangements to give it up to day, having moved his furniture out of the building. The building was a three-story brick and was insured for \$5,000. The fire is believed to have been of incendiary origin.

LEAVE JAIL FOR A SPREE.

Five Escaped Prisoners Return and Think It All a Good Joke.

PITTSBURG, Kan., Jan. 2.—The six inmates of the city jail escaped Monday night by digging through the outside wall of the corridor. They went to Litchfield, about five miles away, and spent the night in drinking and celebrating the advent of the new year. Five of them hired a carriage and returned next morning and demanded admittance to the jail to complete their sentences. They all enjoyed the joke they had played upon the officers. Will Mickens, who was awaiting a preliminary examination on a charge of obtaining money under false pretenses, failed to return with the others, however, and is still at large.

None of the Missing Found.

ALBANY N. Y., Jan. 2.—Although seventeen persons, all attaches of the house, are supposed to be in the ruins of the Delevan hotel, no attempt has been made to search the ruins, for the whole mass is still so hot that work is impossible. Chief Higgins of the fire department says: "I don't know how many persons perished in the fire, but of their remains not even a bone will be found, for in my opinion every victim must have been completely incinerated." Up to 11 o'clock last night none of the persons reported missing has been located.

Fifteen Thousand Armenians Slain.

BOSTON, Mass., Jan. 2.—A letter just received in this city from a point near the seat of the recent outrages in eastern Turkey places the number of slaughtered Armenians at fully 15,000. It is written by a man in whom the highest confidence is placed, and portions are too horrible to repeat.

INDIANAPOLIS, Ind., Jan. 2.—Attorney-General William A. SAVAGES RISE UP
AND SLAY TROOPSBODY OF FRENCH SOLDIERS
ATTACKED AT CONGO.

Twenty Troopers Were Killed in the Fight that Followed—Panic in Mexico City During an Earthquake—Theatre Audience Thrown Into Wild Excitement—Cable News.

PARIS, Jan. 2.—[Special]—News has been received from a Congo that a force of French soldiers were attacked by the natives and twenty of the former were killed.

MEXICO CITY, Jan. 2.—An oscillatory earthquake shock was felt in this city and other parts of the valley of Mexico Sunday. The movement was east and north, but of short duration. The disturbance caused great alarm from those who feared a repetition of the disastrous earthquake of Nov. 2, which killed thirteen people and did great property damage. In the Arceba theater, which is the only play house now open in this capital, as the result of the damage sustained in the other theaters by the previous shocks, a stampede occurred. Women leaped from the lower boxes and the audience struggled for escape at the narrow exits. The manager appeared on the stage and tried to calm the fear crazed people, and at last, a degree of quiet was restored, but not until the most of the audience had taken refuge in the streets, which were full of frightened people, many of them in their night clothes. The scene of Nov. 2 was repeated in a large part and thousands of penitents knelt in the open streets and prayed and cried in a loud voice for deliverance from death.

In Belem prison, where thousands of wretched beings are huddled together, pandemonium reigned, and the guards had hard work to prevent hundreds from breaking out of their quarters and flinging themselves over the walls. The large supply pipes leading to the city burst, flooding the streets.

Bismarck May Be on Top Again.

LONDON, Jan. 2.—The Times correspondent at Berlin telegraphs that there is an undertone of suspense in all the newspaper articles dealing with the political situation. A remarkable feature is that even the most responsible papers make repeated references to Prince Bismarck and unmistakably, if veiled, allusions to the possibility of his regaining influence on the course of politics.

SUSPECTS ARRESTED.

Four Men Accused of Killing W. H. Price at Cleveland.

CLEVELAND, Ohio, Jan. 2.—The Cleveland police believe they have the burglars who murdered William H. Price, a prominent citizen, three weeks ago in his house on Hawthorne avenue. They give their names as Charles P. Benz, a coachman; Thomas Grant, a laborer; J. Johnson, a carpenter; H. Gruninger, a small merchant. The names of none of them, except the last two, can be found in the city directory. Johnson, who was at one time a private detective and later a Detroit policeman, made a full statement of what he knows this afternoon. He implicates Benz and Grant. They broke into the house and were surprised by Mr. Price. Johnson says one of them shot and wounded Mr. Price, who still pressed them closely, whereat the two shot several bullets into him and killed him. The detectives will not yet reveal who Benz and Grant really are.

A VIGILANCE COMMITTEE.

Sacramento Citizens Decide to Follow the Example of San Francisco.

SACRAMENTO, Jan. 2.—People of the state capital are excited widely over an epidemic of murder and robbery which has prevailed for three days, and last night H. M. Larue, foreman of the grand jury, and other prominent citizens met and formed a vigilance committee. The idea is to clear out the murderers and thugs as Coleman once cleared them out of San Francisco. The police have shown themselves powerless and the people are determined to purge the city before the meeting of the state legislature next week. It would probably be a unique experience if the lawmakers of the state were to be witnesses of the work of Judge Lynch.

Value of Utah's Mine Product.

SALT LAKE, Utah, Jan. 2.—The Tribune prints an elaborate review of the mining interests in Utah for the year 1894. Figured at local prices, the lead, copper, gold and silver show a total of nearly \$6,500,000. Computing all the metals at their seaboard value it would increase the total to over \$11,500,000.

KILLED HIS WIFE AND CHILD.

Fearful Crime of an Insane Farmer at Bay City, Michigan.

BAY CITY, Mich., Jan. 2.—Dan J. Trombley cut his wife's throat early yesterday morning, set fire to his home, and burned his 1-year-old child to death. The crime was clearly the deed of a maniac. The fire was discovered by neighbors at 5:30 and the fire department soon had the flames extinguished. None of the family were about and Chief Harding began rummaging about the lower part of the house to see what he could find.

On a bed in a little room on the first floor he found the woman's body partly burned and that of the baby beside her. The lower part of the body was badly burned and both were dead. An examination showed the woman's throat had been cut in three places.

There were two clear cuts on both sides of the throat, both of which reached clear to the bones. A third directly over the throat was but little more than a scratch. There were no marks of violence on the child's body.

Trombley was nowhere to be seen and none of the neighbors had heard from him. Every officer in the city and county was put out to search for him. Sheriff Southerland was the first to find the man. A rumor reached the city he had jumped into a well on the Hilliker farm near Oak Grove. Fully five miles from his home, Southerland found him. He was at the Hilliker house shivering behind the stove. At 7 o'clock, after breakfast, Hilliker went out to do his chores and heard some one calling. He could not understand where the calls came from, and looking into his well was surprised to see a man there. The well was box curbed, about three feet square and thirteen feet deep. The water came to the man's waist. Hilliker thought he was some mild lunatic who had escaped from the poor farm, and with the assistance of neighbors got him out and gave him dry clothing. They notified the poor farm superintendent, who, having heard of the murder, notified the sheriff.

At the jail Trombley declared he knew nothing of what had happened. When told of his wife's death he declared he was innocent of all charges. Some one said his wife was not burned to death, but had been found with her throat cut. This dazed him for a moment. But he again stated that he was innocent of any crime.

SIX BAD MEN FOILED.

Laughable Mistake Is Made by Arkansas Bandits.

CAMDEN, Ark., Jan. 2.—Six masked men made an effort to rob the north bound Cotton Belt train, due here at 10 o'clock, at a tank ten miles south of Camden. Their object was to secure the express money. The train stopped as usual to take water, and the negro porter got off the train to go around the tank to let the water on. He was stopped, however, by a Winchester in his face and ordered to uncouple the cars. The order was obeyed, and the engineer, who was under guard, was made to run the car up from the train a distance of half a mile. The bandits discovered too late that they had made a water haul, taking the baggage car instead of the express car. They had to grin, take their medicine, and go to the woods. The leader told the engineer that he had the laugh on them, but would see him again. The work was so quickly done that the passengers did not know what was going on until the would-be robbers had found refuge in the dense forest. A dispatch from the Cotton Belt officials states that a reward of \$200 will be paid for the arrest and conviction of each of the party, and the governor is expected to offer a reward.

ORE WORKERS ON STRIKE.

Employees of Edgar Thomson Steel Works Oppose Wage Reduction.

BRADDOCK, Pa., Jan. 2.—Last night all the ore wheels at the blast furnaces of the Edgar Thomson steel works, on both the day and night turns, went out on strike against a reduction in wages. About 600 Slavs are now out. Nine furnaces are closed, with the exception of furnace A, which is filled with ferro manganese, and this the company will try and keep running, as it would be a heavy loss to allow it to close with such precious material in it. Twenty-two extra policemen were sworn in as soon as the strike was declared and all of them are on the ground to prevent any trouble. Everything is quiet, however, and no trouble is feared at least for the present.

One man was killed and three badly injured. The engines came together with terrific force, raising high in the air and falling a mass of debris. The track was blockaded all day.

It is said they are young men who live near York, Ala. The express people claim the robbers made a light haul. Several packages that contained money packages were torn open and the express messenger saved a heavy money package by saying to the masked men, "This, too, contains lottery tickets," and throwing it on the floor.

Belgian Shuts Out Our Cattle.

CHICAGO, Ill., Jan. 2.—Nelson Morris received a cablegram from his agent at Antwerp yesterday carrying the unwelcome news that the Belgian government has prohibited the importation of live cattle from the United States on the ground that pleur-pneumonia is prevalent in this country. This closes all the ports of continental Europe against American cattle and beef products and leaves to the exporter only British markets, which, in its present condition, is not a desirable one.

Income Tax Now a Law.

WASHINGTON, Jan. 2.—With the new year the income tax law becomes operative. Every man who is either worth enough or shrewd enough to make a salary of more than \$4,000 a year is supposed to part with 2 per cent of the excess. Corporations, no matter how small their capital or how infinitesimal their net profits, are expected to give up the same amount to the national government.

"Lucky" Baldwin's Orange Crop.

SAN FRANCISCO, Cal., Jan. 2.—E. J. Baldwin has closed a contract with a fruit jobber for his crop of oranges in the Santa Anita ranch, estimated at 130 carloads, for \$30,000. This probably is the largest orange sale ever by a single grower.

FIFTY EIGHT RUNS MADE BY FIREMEN

THE LOSSES IN 1894 FOOTED
UP \$21,129.46.

Two New Hose Companies Recommended by Chief Spencer—One Should Be Stationed Near the Five Points and one on Milwaukee Avenue—The Fire Patrol.

The fires of 1894 cost Janesville \$21,129.46.

This estimate does not include the loss on the Rock County Tobacco Growers' warehouse.

The amount of insurance paid on losses, excepting the warehouse fire, foots up \$17,586.96.

Beloit suffered nearly as much as

freight depot of the Chicago & North-western railway, the other on Milwaukee avenue. He thinks companies of two men each is sufficient. His reasons for urging this are that now at each alarm of fire the entire department responds, no matter in what section of the city the fire may be located, leaving the business section for the time wholly unprotected. Frequently, he says, another alarm has been sent in while the department is at work, and there is no reserve force to respond. Besides, it frequently occurs that details are sent back to the stations for additional hose, which consumes most valuable time. He suggests that with these two small companies, a reserve force will always be at hand, and the vexatious delays in waiting for the arrival of additional hose at large fires will be avoided. Numerous minor recommendations are made for the improvement of the department and safety of the city property.

BLIND FOLK TAUGHT TO DO MANY THINGS

WONDERFUL WORK DONE AT
THE STATE SCHOOL.

Fingers That are not Guided by the Eye are Trained to Cook, Sew, Make Mattresses, Carpets and Rugs, Tune Pianos, Cut and Fit Dresses and Other Trades.

Among the many interesting features of the recent session of the Wisconsin Teachers' association at Madison was the exhibit of the Wisconsin school for the blind, in connection with the manual training exhibit, displaying articles made by the blind pupils in the course of their instruction at the state school at Janesville.

Work is successfully taught to the blind girls in the school. The sewing on the garment exhibited was as nicely accomplished as though the worker had been in full possession of her sight. Alongside the dress were various pieces of intricate knitting, crocheting and fancy work.

Girls Taught To Cook.

But everything seems possible to the blind when we learn that "blind girls can be taught to cook, and cook nearly everything, certainly a much larger variety in meats, vegetables, bread and pastries than is usual in family life. The exhibit included: uncooked fruits, pears, peaches and apples, jellies and pickles, bread, white and brown, rolls, cookies, lunches, cake, fruit cake and a mince pie. This is an entirely new department established by Superintendent Pease two years ago. The Wisconsin school is a pioneer in this line, and its success is leading other schools to follow in its

COUNCIL IN A BOAT OVER THE SEWER

A MISTAKE MADE THE COUNCIL
PURCHASE IT.

Now the Aldermen Refuse to Pay the Money the Vote Being a Tie and Decided By Mayor Thoroughgood's Negative—Police Appointments are Confirmed.

Because they adopted the report of the special committee appointed on the Jeffris sewer, instead of accepting it, the common council are in quite a dilemma. The aldermen even after adopting this report, refused to adopt an order paying for the sewer, and on Monday night refused by a tie vote to reconsider the motion adopting the recommendation of the committee. While there is some question as to whether the council has really agreed to purchase the sewer, it is almost certain that there will be trouble before the appropriation is made. Very little business was transacted at the meeting. The appointment of John Kruse, Ed. Smith and P. McGinley as special police were confirmed. The saloon license of Thomas Russell was transferred to Toole & Horn, City Engineer Bledsohn filed his report of the East Milwaukee street improvement; and Angie King filed a protest claiming the tax for this improvement was illegal.

City Attorney McElroy stated that Ex-Treasurer Murphy's bondsmen were trying to arrange a satisfactory settlement, and thought the money would soon be paid in. He did not think it best to throw the matter into court at this time, as the court would not take it up for four months, thus delaying the matter.

The mayor was authorized to borrow \$1500 for the general fund, and without doing other business of general interest, the council adjourned.

Owen Cox, the Roscoe farmer who was so terribly hurt a while ago by being caught between a wagon tongue and a telephone pole, and lay for weeks in a critical condition at Beloit has gone home and is thought by his physicians to be steadily improving. He was able to come to town the other day.

Clear Lake Small Talk.

CLEAR LAKE, Dec. 31—Mrs. J. W. Stockman and son Glen spent Christmas with her parents in Janesville. John Green's baby is much better. Dr. Judd of Janesville held council with Dr. Hull at Mr. Green's one day last week. This weather is making very nice ice in the lake much to the satisfaction of the ice dealers. Little Alice Hackbarth is on the gain. A few from here attended the Christmas tree at the river church last Tuesday night. Oscar Olson of Center was in this vicinity Christmas.

WILSON LANE, Attorney-at-Law,
JANESVILLE, WIS.

Janesville Fire Police.

Janesville. Her losses foot up \$26,326 and the insurance paid \$18,977.

Chief Spencer's annual report has been compiled, showing in detail the work of the Janesville fire department for 1894. There were fifty-one box calls, five still alarms and two fires for which no alarms were given. Hose company No. 1 responded to one still alarm, hose company No. 2 one, and the fire patrol responded to three. The entire force responded to the fifty-one box alarms. Five serious fires occurred during the year. First came "The Bell" dry goods store, second in the John Thoroughgood & Co. box factory, third the Barb Wire Co., fourth the C. T. Wilcox buildings on Court street, and fifth the Rock County Tobacco Growers' warehouse.

In responding to alarms the department traveled twenty-seven miles, and

Captain W. E. Evenson of the fire police, sends the chief engineer the annual report of the company. The report is very brief. The patrol responded to fifty-one box calls and three still alarms, and extinguished fourteen fires without the necessity of throwing water. Fifty charges of chemicals were used on twenty-seven fires; twenty-three large tarpaulins were spread at seven fires. The average number of members responding to these alarms was fourteen. Besides responding to the fire alarms the patrol ambulance answered thirty-nine calls, conveying wounded or sick persons to their homes or to the hospital, thus making the total number of calls answered ninety. The equipment of the company both as to the fire service and ambulance is complete, and is valued at \$1331.80. The

In the handicraft department the boys are taught rag carpet and rug weaving, as was illustrated by several pieces of very prettily designed and excellently woven carpet, together with a line of rugs prepared from grain carpet. This school made its first exhibit of this line of work at the Columbian exposition and deservedly received a medal. A prominent feature of the display last week was an elegant silk curtain woven by a totally blind boy on a rag carpet loom. Truly this work was wonderful. Another leading trade with the blind is hammock making, and akin to it is fish netting, horse netting, etc. Brooms of various shapes and weights together with brush brooms, large and small, and cane seated work for chairs, give evidence of the possibilities that lie beneath nimble fingers

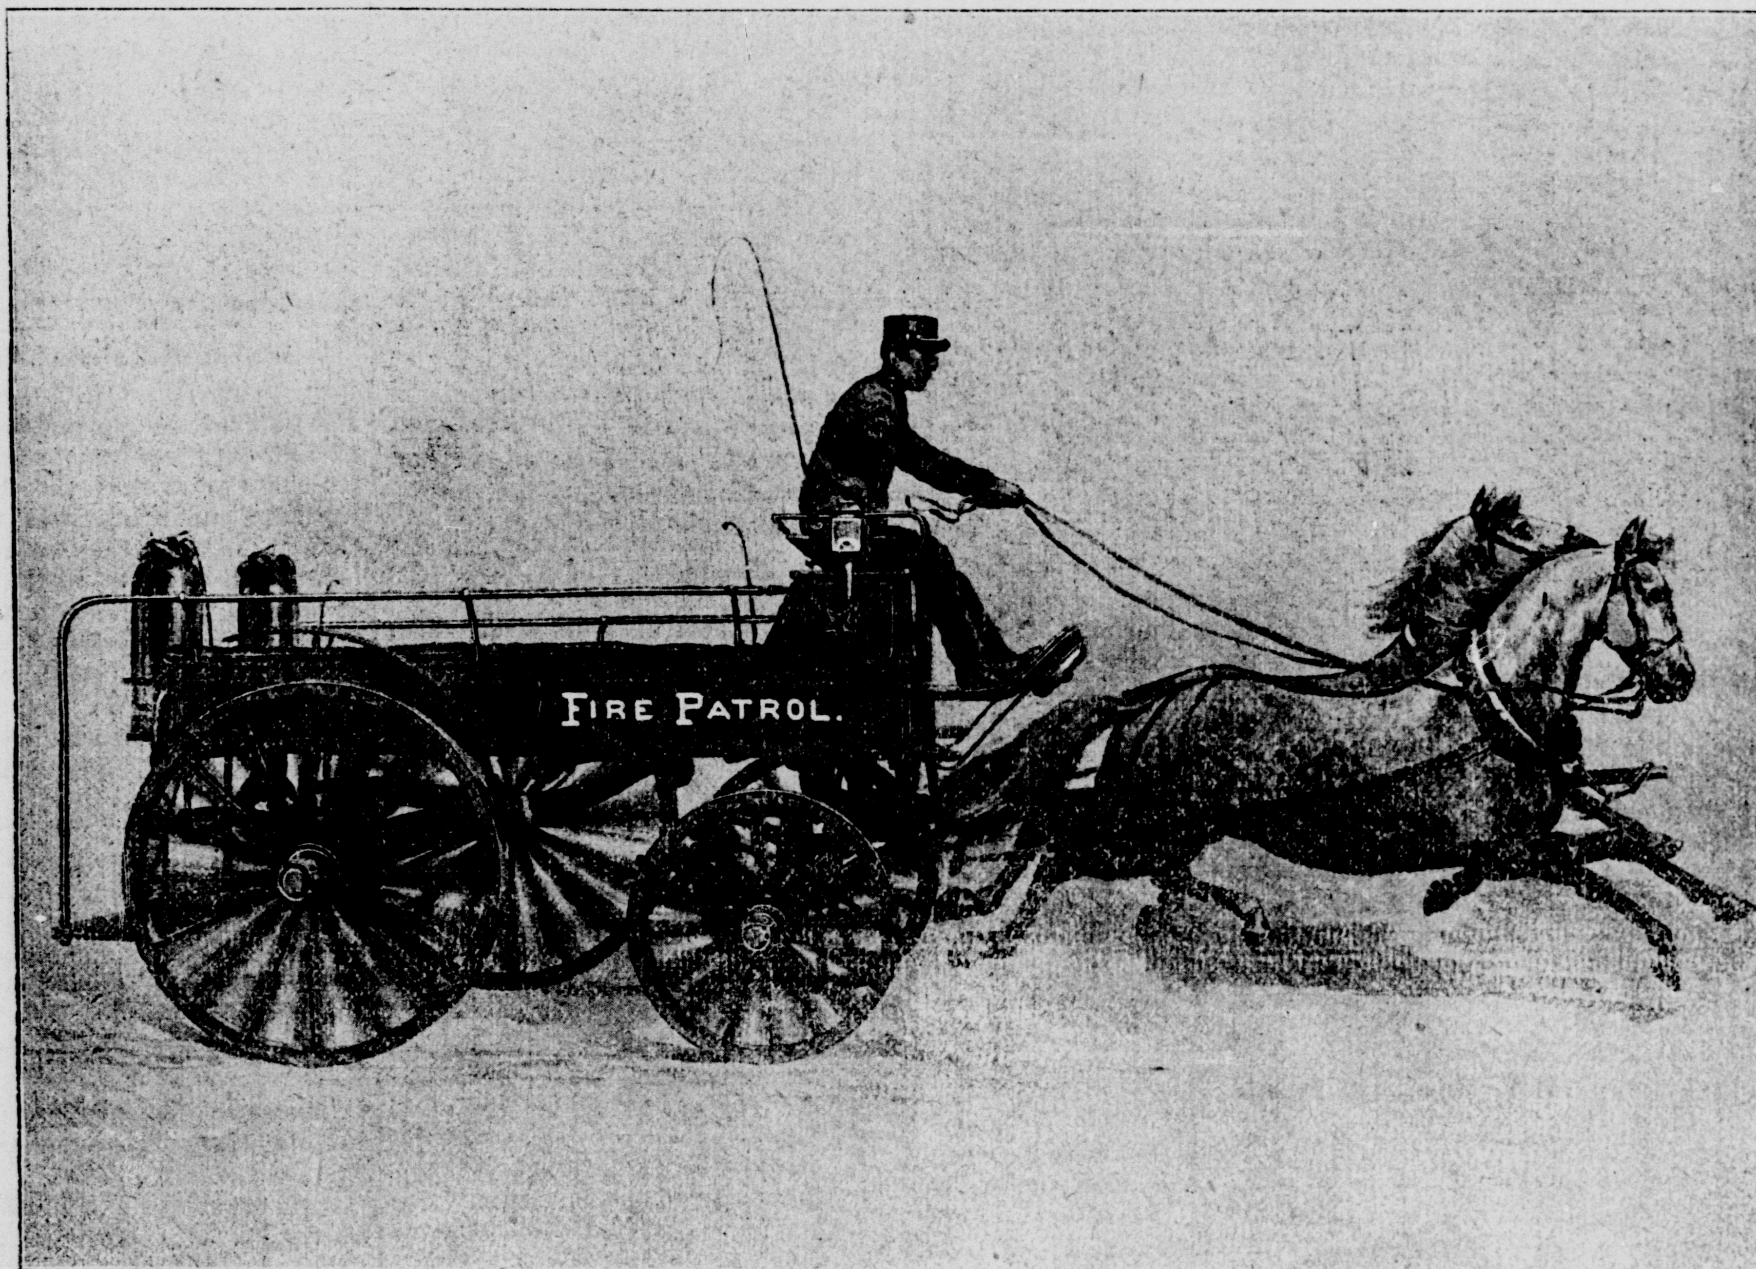

footsteps. The Michigan school has copied its work this year and established a course in cooking.

Piano tuning is another industry introduced into the school two years ago, which is being successfully taught, but no results could be exhibited.

Fine Literary Department.

In the literary department the pupil is given a full common school education. In addition the school affords the four years' scientific high schools course as is offered in the free high schools of the state.

The musical department gives instruction in vocal and instrumental music including the violin, piano and organ. The orchestra from the school has given several concerts within the past year with signal success. Several successful music teachers have been graduated.

"Caught on the Fly."

was in actual service sixty-seven hours; 43,150 feet of hose was stretched and about 1,000 feet of ladders raised. The chief has compiled a table showing in detail the date of each fire, its location, owner and occupant, the number of feet of hose stretched at each, also the number of feet of ladders raised, the water pressure, time and service, the loss on buildings and contents, and the insurance, together with the cause of the fire so far as known.

There has been a number of improvements in the department, among these are noted a new hose wagon and a team of horses.

Two New Companies Needed.

The chief makes numerous recommendations for the coming year, one being the addition of two small hose companies. One, he suggests, should be located on Center avenue near the

company has expended during the year the sum of \$1362.37, and now has a balance in the treasury of \$1370 with a number of outstanding obligations. The officers for 1895 are:

Captain W. E. Evenson.
First Lieutenant—W. P. Sayles.
Second Lieutenant—R. M. Bostwick.
Secretary—E. B. Heistreet.
Treasurer—Frank S. Haseton.
The only new member elected during 1894 was S. B. Heddles.

The stockholders of the Rock County National Bank of Janesville, Wisconsin, are hereby notified that the annual meeting for the election of directors and transaction of such other business as properly come before it, will be held at the banking house in Janesville, Wis., on Tuesday, January 15, 1895, from 10 o'clock a. m. to 3 o'clock p. m.

even when unguided by the eye.

Mattresses Made Quickly.

The trade of mattress making has been recently introduced into the school. A hair mattress made by a blind boy after only six weeks' instruction, and finished in perfect shape, gives additional evidence of the capabilities of the blind men.

However, the work accomplished by the blind men offered the most interesting feature of the exhibit since the nature of their work is such that the public can better understand and thereby appreciate the necessary delicacy of touch and flexibility of fingers essential to securing the results shown. How many of our lady readers would think of cutting and fitting a very pretty dress and do all the necessary sewing by machine and hand—without using the eyes? Yet such

The Madison Democrat says in speaking of these things:

"The exhibit was under the efficient management of Superintendent Lynn S. Pease, whose earnest work with the unfortunate children under his care has made the school at Janesville one of the institutions of which the state may well be proud."

Foresters Elected Officers.

At the annual meeting of Court Janesville No. 977 Independent Order Foresters, held Monday evening, officers were elected and installed as follows:

Chief Ranger—J. D. Holmes.
Vice Chief Ranger—G. W. Baird.
Financial Secretary—J. L. Hay.
Treasurer—George I. Stratton.
Recording Secretary—A. L. Hemmings.
Chaplain—P. J. Moutat.

Edwin and Edwina.

Constancy and devotion were in the blood of Edwin Booth, as his published letters, edited by his daughter, abundantly show. I recalled, as I glanced over the other day, the touching love story of his daughter Edwina. The man to whom she was engaged to be married became demented through his accidental inhalation of illuminating gas, and for years father and daughter found in the poor chap's helplessness only another tie to bind them more closely together. Booth sent him abroad and gave him the best of medical advice, while his daughter nursed him with an unselfish fealty, which lasted until his untimely death. Booth ardently longed for a son, and tried to alleviate his disappointment over the birth of a girl by baptizing her Edwina. The child grew to be the man's other self, however, and the time came when the father would not have exchanged Edwina for a dozen Edwin. The domestic history of the two is one of the sweetest and rarest stories of the stage.

The Unexpected Discharge of a Cannon
Close by will not have a more disturbing effect upon the nerves which are vigorous than an ordinary noise upon those that are weak and unstrung. As a nerve, Hostetter's Stomach Bitters is unrivaled. By promoting digestion and assimilation they overcome that gastric disorder, which is the most prolific cause of nervous debility, and which, so long as it exists, defeats in a large measure the action of sedatives and opiates. Such remedies moreover, necessitate the use of increasing doses, and finally cease to act altogether, except in dangerous quantities. They never reach the fountain head of the trouble, and quiet the nerves only by semi-paralyzing them. Equally objectionable are very unwholesome and liver trouble, malaria, constipation and rheumatism are relieved by the Bitters which also promotes appetite and nightly repose.

Quick Butter Making.

A German inventor has turned out a machine for the making of butter in small quantities. A receptacle containing the cream is attached to a bar which has a reciprocating motion imparted to it by means of a revolving crank and connecting rod. A wheel is turned by hand and the connecting rod is moved backward and forward; this motion is communicated to the receptacle, the contents of which are speedily converted into butter.

Mercurial Poison

Is the result of the usual treatment of blood disorders. The system is filled with Mercury and Prussic acid—more to be dreaded than the disease itself. In a short while is in a far worse condition than before. The most common result is Rheumatism. The most reliable cure. A relief where all else has failed.

I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to more than twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of S. S. S. I improved rapidly, and am now a well man, completely cured. I can heartily recommend your wonderful medicine to anyone afflicted with this painful disease.

a little now and then, with a gentle, cleansing laxative, thereby removing offending matter from the stomach and bowels, and toning up and invigorating the liver and quickening its tardy action, and you thereby remove the cause of a multitude of diseases, such as headaches, indigestion, biliousness, skin diseases, boils, carbuncles, piles, fistulas and maladies too numerous to mention.

If people would pay more attention to properly regulating the action of their bowels, they would have less frequent occasion to call for their doctor's services to subdue attacks of dangerous diseases.

That, of all known agents to accomplish this purpose, Dr. Pierce's Pleasant Pellets are unequalled, is proven by the fact that once used, they are always in favor. Their secondary effect is to keep the bowels open and regular, not to further constipate, as is the case with other pills. Hence, their great popularity with sufferers from habitual constipation, piles and indigestion.

1894—The Manchester ship canal, connecting Manchester with the river Mersey, formally opened.

Rock county farmers are interested in tobacco figures of two sorts. They see with regret that prices on Wisconsin leaf stay very near low water mark. They also note that the number of pounds of cigar leaf brought into the country under the democratic tariff is growing steadily. The imports of leaf suitable for wrappers for October, 1894, were 866,864 pounds—three times as much as in October, 1893. The bearing of the last set of figures on the first helped to swell the majorities for republican congressmen in Wisconsin a couple of months ago, and will be a potent factor in discouraging democratic candidates for some time to come.

A good many people think "Partner" Bashford wanted rather more than his share of the money recovered from the state treasurers. His demand for \$27,500 fees, was a reminder of the zeal shown by Attorney General O'Connor in making "business" for the firm. O'Connor didn't mean that his law partner should go without pay, and his generous intention was carried out most royally.

Judge Bennett is setting the other circuit judges of the state a good example. He says there must be no more dallying or lagging in the conduct of cases before his court and that the calendar must be cleared as promptly as steady work will do it. In this admonition he echoes the sentiments of Rock County tax payers.

The new Cleveland baby, christened Currency Bill, is sick unto death. Dr. Cuckoo is at his wits end, and nurses Carlisle and Springer are frantically walking the floor. Dr. Congress has been called in for a consultation, and it is evident he thinks the kid must die.

President Lincoln went through a great war without finding it necessary to surround the white house with sentry boxes, but President Lincoln proved himself upon more than one occasion to be a fearless man.

Governor Oates, of Alabama, has been to Washington and canvassed the democratic members of the house, and he says that financial legislation by this congress is an impossibility.

"Pansy" Butler is now probably sorry he ever got lost. Trying to sell books to Indianapolis people opened his eyes, if it did not fill his pockets.

The falsity of the adage "figures do not lie," is shown every day by the discovery that dishonest book keepers have been making them lie for months.

Senator Gallinger's proposition to union with Canada is all right, but a little ahead of time. The first advance should come from Canada.

Mayor Strong may surprise Superintendent Byrnes by calling his bluff.

Everybody Eats

It is an undisputed fact that everyone must eat, and there are some who have gotten in the habit of buying their groceries and provisions at a certain place and think they cannot get as good elsewhere, the result is they are charged much more than if they looked around a little. The Great Mass Horror.

PORTLAND, Ore., Jan. 2.—A letter from Silver Lake, Ore., gives the number of people burned to death in the fatality of Christmas eve as forty. Fully as many more were injured, some fatally. Many of those who perished were burned beyond identification. About 200 persons were in the hall altogether. The calamity has prostrated the whole country. Every house in the village is a hospital. People have come for 100 miles to minister to the injured and inter the dead.

Michigan Officers Inaugurated.

LANSING, Mich., Jan. 2.—The ceremonies attending the inauguration of the newly elected state officers yesterday were most impressive, and were attended by a great throng of citizens from all parts of the state. The exercises, which were presided over by Gen. Russell A. Alger of Detroit, were held in Representative hall, which was crowded to the doors. The senate caucus nominated for president Joseph R. McLaughlin of Wayne, pro tem. William D. Gordon was nominated for speaker.

Nebraska Legislature Organized.

LINCOLN, Neb., Jan. 2.—The republicans organized both branches of the legislature yesterday, the caucus nominees being elected. In the house Dr. M. O. Ricketts, the colored republican member of the legislature, was elected temporary speaker. He is the first colored man to preside over a legislative body in this state. Judge Holcomb, the newly elected governor, has arrived from his home at Broken Bow, ready for his inauguration, Thursday.

Gov. Morton Inaugurated.

ALBANY, N. Y., Jan. 2.—The exercises attending the inauguration of Gov. Morton took up but little of the time of the assembled legislators yesterday. The republican members in caucus selected Hamilton Fish for speaker of the assembly by a vote of 73 to 22 for George R. Malby of St. Lawrence county, the speaker last year. Levi P. Morton was inaugurated as governor at noon. The ceremonies were simple.

THE RESULT

OF AN AMERICAN WOMAN'S WORK.

Not An Assertion, But a Truth, Proven by the Accumulated Testimony of 20 Years.

(SPECIAL TO OUR LADY READERS.)

HERE'S a reason for it, when a special remedy for a special disease maintains the first place in the faith of the people for twenty years; when, year after year, the confidence given cautiously at first rolls into a tremendous volume when one woman's name is known throughout the civilized world; when letters by the thousands come by every mail from all parts of the earth in gratitude and praise; when druggists place this remedy first on the list of standard remedies.

Then there is a reason for it. Lydia E. Pinkham and her wonderful Vegetable Compound, deserve the first place in the hearts of womankind.

Lydia E. Pinkham's Vegetable Compound has cured more women from all disease arising from irregularity and derangement of the uterus and womb than any remedy known to medical science.

Are you suffering? then profit by the experience of this thankful woman:—

Dear Mrs. Pinkham,—Last winter I did not think my little ones would have a mother long. I suffered terribly with female troubles.

I could keep nothing on my stomach, and got so "poor" my friends hardly knew me. I suffered with severe headaches, dizziness, faintness, backache, and the blues.

Thanks to Lydia E. Pinkham's Vegetable Compound, I am now as fat as ever, and have no female troubles.

If you use my letter I hope it may be the means of saving some other poor mother's life as it did mine.—MRS. ELLA VAN BUREN, St. David, Fulton Co., Ill.

COL. SMITH EDITING A FOND DU LAC DAILY

BUYS AN INTEREST IN THE
COMMONWEALTH.

Janesville Police on the Lookout for the Robbers Who Worked Until 3 O'clock This Morning on the Jefferson Bank Safe—Other News of the Bower City.

COLONEL Nicholas Smith, whose editorial work on the Gazette is fresh in the minds of Janesville readers, has again taken up the journalistic pen. He has bought an interest in the Fond du Lac Commonwealth and taken editorial control. Colonel Smith is one of the strongest political writers in the state and a man of ripe experience in editorial work. He will give Fond du Lac people a paper that will lack no element of literary merit or sterling worth.

JANESVILLE police kept a sharp eye out today for burglars who tried to rob a bank at Jefferson last night, as the thieves were believed to have come here. The burglars got into the bank with drills and sledge hammers and worked at the combination until three o'clock this morning, when they were frightened away. They left all their tools. After leaving the bank they stole a pair of horses and buggy, and were last seen headed towards Janesville. Janesville officers were notified early this morning, but the thieves had not shown up at 3 o'clock.

We were wise when we made a cost sale in December, for we "cleaned up" thoroughly and have that money to buy new spring stock, now arriving, at 20 per cent less than last year; so we can sell our nice new 1895 goods 20 per cent less than our neighbor's old stock, and yet make a profit. Our motto for 1895 is: Buy for cash, sell for cash, meet and beat every price named by any competitor, and we will do it. Ladies see 6th page. Bort, Bailey & Co.

Our theatre-goers will welcome the appearance of the favorite comedian, John Dillon, at the Grand Thursday night. Mr. Dillon has had a unique career, and no actor that ever graced the boards is better known than he. This season he is appearing as "Judge Russell" in "Our Next Congressman." The part gives him great scope to display his ability as a character comedian. Those who enjoy the best will be there to see him.

The annual meeting of the stockholders of the Lewis Knitting Company will be held at the office of the company between the hours of 7:30 and 9:00 o'clock p. m., Tuesday January 8, 1895, for the election of a board of directors and the transaction of such other business as may properly come before the meeting. Dated, Janesville, Wis., Dec. 10, 1894. F. P. Lewis, sec'y.

PAGE 6, that's our position today, 3 full columns telling about what we are receiving and what we will have for you in 15 to 20 days. The ladies will be delighted, as every article will be the 1895 goods and we guarantee to sell cheaper than the other merchants can sell their old stuff. Bort, Bailey & Co.

WHAT a chance the boys have at Ziegler's, the little hustler can get a suit which will wear for \$3.00 and a snug overcoat for \$4.00, the big rustler can put on style in a \$5.00 suit and laugh at Jack Frost in a \$5.00 overcoat. These are only half value, but our stock reducing sale is now in progress.

THE union meeting of the Epworth League and Christian Endeavor societies on Friday evening, January 4, will be held in Court Street M. E. church lecture room. Dr. Halsey will give a talk to young people. Exercises begin promptly at 7:30 o'clock. A cordial welcome to all.

We have about \$9,000 worth more clothing than we want February 7, when we commence to invoice. We must dispose of them. Do you want to take advantage of the low prices in every department? If so, better come within the next thirty days. T. J. Ziegler.

MRS. C. P. HAWLEY has resigned her position in Court Street Methodist church choir. She will be succeeded by Mrs. L. A. Torrens. The other members of the choir are Mrs. Charles L. Clark, H. C. Buell and G. G. Paris, with Mrs. J. F.weeney as organist.

J. SUTHERLAND & SON open the campaign for 1895, with a full assortment of goods in their line, and will strive in the future, as in the past, to make their store a great educational

A COUNTER, the full length of the south side of our store room at 7 and 9 S. River street contains stacks of suits in sacks and cutaways which we will sell for \$6 a suit. Many of them cost us \$12 and \$15. Frank Baack.

OUR rent, clerk hire and other expenses being smaller than any other shoe house in the city, we can sell you the same goods for less money. Lloyd & Son.

ALL we ask of you is to come in; if our prices don't convince you that we are really sacrificing goods to get rid of them, don't buy; no harm done. Ziegler.

It is not what we say that tells the story, its the goods we are selling and the price that we are selling them at is what talks. Brown Bros. & Lincoln.

CABS will be run free of charge from the Armory to McDonald's cafe for supper Friday night, the event being the Hokey Pokey annual masquerade.

NEW YEARS MARKED IN SEVERAL WAYS

WATCH MEETINGS, PARTIES
AND CONCERTS GIVEN.

Shooting Club Held a Tournament, the Scots Had a "Hogmanay Night" Celebration, Churches Had Prayer Meetings, New Years Trees and Other Exercises—Children's Party.

Janesville people marked the coming of a new year in eleven different ways.

This isn't slang.

It's the truth.

The Good Templars marked the day by a program and watch meeting; society marked it by a dancing party; the Y. M. C. A. marked it with a fine concert and the ladies kept open house; the Shooting club held a tournament; the Baptists marked it with a prayer meeting and entertainment; the Methodists held a watch meeting; St. Paul's congregation had two trees and other exercises; the Scotch held a literary and musical program and the young folks danced for the benefit of Oak Lawn hospital.

THE JUBILEE SINGERS' CONCERT.

Fine Entertainment Given by the Colored Vocalists Last Evening.

An audience that taxed the seating capacity of the Congregational church heard Slayton's Jubilee Singers last night. The concert that they gave was unique and encores for nearly every member showed that the audience enjoyed it fully. The organization is made up of eight vocalists and a pianist and their chorus was especially fine. Of course the combination had some weak points which showed in the solos and male quartette work, but the imperfections were more than counterbalanced by the excellence of their choruses. They used no program, each number being announced from the platform. In the interval between parts one and two the pianist gave a solo, "The Tribune March" and for an encore an imitation of a music box that was well executed. The Y. M. C. A. under whose auspices the concert was given, will receive a good sum as the proceeds and if the combination ever returns to Janesville they will have a good house.

BAPTISTS HAD A PRAYER MEETING.

Services Were Held in the Church in the Morning.

Local Baptists marked the first day of the New Year by holding a prayer meeting yesterday morning at the church. This service has been a New Years feature of the church for some time. There was a good attendance yesterday, and many opened the record for the coming twelvemonth with prayer and good resolves.

Monday night the Sunday school had their Christmas concert. The programme included singing by the school and also by a class of little girls and numbers were taken by Rose Hathorn, Miss Cora Anderson, E. O. Kimberley, Clara Beers, Mr. Lewis, Elsie Palmer and Eliza Stoddard.

LITTLE ONES DANCED FOR CHARITY.

Party Given at Concordia Hall For the Benefit of Oak Lawn Hospital.

Janesville little folks danced for the benefit of Oak Lawn hospital at Concordia hall, yesterday afternoon. The Orpheus Mandolin club furnished music and Dr. S. H. Gish gave exhibitions with his stereopticon. Mrs. Dr. Menzies, Mrs. Dr. Pember, Mrs. Dr. Woods, Miss Millie Chittenden, Miss Phoebe Fish, Miss Emma Comstock, Mrs. Walter Helms and Mrs. L. R. Treat had tendered their services toward receiving and entertaining the little folks, and the dancing began at 2 o'clock and ended at 7. The proceeds will amount to a considerable sum.

WATCH MEETING FOR METHODISTS.

Court Street People Saw 1895 Come In at the Church.

Members of the Court Street Methodist church marked the coming of the New Year with a watch meeting and a goodly audience were present. The service began at 8 o'clock and lasted until midnight when good resolves were made. The meeting was a pleasant as well as profitable one for all. From 8 to 9 there was preaching and devotional services by Presiding Elder Frank Pease and from 10 to 11 Rev. A. Porter of the First M. E. church, conducted an Epworth League love feast, and the last hour from 11 to 12, was in charge of the pastor, Rev. Dr. Halsey.

MR. AND MRS. J. D. KING SURPRISED.

Their Second Ward Home the Scene of Gaiety Monday Evening.

A number of friends of Mr. and Mrs. John D. King perpetrated a complete surprise upon them at their home on Fourth avenue Monday evening. The guests met at the home of Dr. and Mrs. W. H. Palmer and when they trooped into the house they took Mr. and Mrs. King totally unawares. Whist and games of various kinds made the time pass quickly and it was early in the morning before the last guest had gone. Two events were greatly enjoyed by all the participants.

SCOTS HAD A GOOD PROGRAMME.

"Hogmanay Night" Celebrated by the Caledonian Society Monday Night.

Janesville Scots marked "Hogmanay night," as they designate the evening before the new year, by a social at their rooms in the Bennett block. A musical and literary programme was presented, in charge of George Skinner, in which Ed. S. Hayward, Colin

Campbell, Miss Lou Fenton, Marie and Maggie Hamilton, Miss Genie Marshall, Alex. Mitchell, James Hutton, William Paul and George Skinner took part. Dancing followed, and all had a jolly time.

GOOD TEMPLARS' "WATCH MEET"

Concert and Supper Preceded the New Year's Coming.

Members of the local lodge of Good Templars saw the New Year come in at their hall in the Court Street block. A conundrum supper was served early in the evening and a concert was given in which numbers were taken by the Arion Orchestra, Ethel Hines, Amos Koberg, Mabel Pelton, J. W. Boyes, Will Dunn, Fred Glenn, Misses Preller and Winkley and Lucy Hanson. New Year's resolutions were made and registered at midnight.

Y. M. C. A. LADIES KEPT OPEN HOUSE

from One to Four O'clock They Entertained Young Men.

The ladies of the Young Men's Christian Association auxiliary, kept open house at the rooms of the association New Years day. Many callers were entertained, and refreshments were served from one to four o'clock. Great preparations had been made, and all were invited, old and young, rich and poor alike. The occasion was one that was greatly enjoyed, and made it possible for many young men to begin the new year aright, who had no other place to go.

DANCING PARTY AT THE ARMORY.

Private Affair That Was Much Enjoyed By Many People.

A private dancing party was given at the Light Infantry armory last night. A party of young gentlemen were the originators of the idea and planned and carried it out in a complete manner. Smith's orchestra furnished their usual high grade music and the fun lasted until early in the morning. A large delegation from other cities were present including Beloit, Madison and Rockford.

CLAY BIRDS KILLED BY THE SCORE

Janesville Shooting Club Gave a New Years Tournament Yesterday.

Members of the Janesville Shooting Club began the new year by holding a tournament at their grounds at Spring Brook. Five traps were used and some good scores were made. Several visiting shooters were present, and as usual they were pleasantly entertained. A number of live birds were also shot, and the sport lasted nearly all day.

MRS. E. E. SPALDING'S LUNCHEON

Party of Lady Friends Entertained on Monday Afternoon.

Mrs. E. E. Spalding entertained a pleasant party of lady friends at a 1 o'clock luncheon on Monday, those present being Mesdames F. W. Wheelock, J. H. Kelly, W. C. Vankirk, H. D. Hoover, and C. T. Winslow. The hours were passed very pleasantly with games and social amusements which all enjoyed greatly.

ENTERTAINED A CINCIN CLUB.

Pleasant Event at the Home of Mr. and Mrs. Leonard Jerg.

Mr. and Mrs. Leonard Jerg entertained a cinch party in a delightful manner at their fourth avenue home Monday evening. Mrs. A. C. Jenkins and Fred H. Koebelin won the first prizes and Mrs. Charles Barnard and C. A. Stanton the booby prizes.

A. O. H. BALL ON MONDAY NIGHT.

The Party Was Much Enjoyed By a Large Crowd.

Division No. 1, A. O. H., gave their annual ball at the Armory Monday Night. About one hundred couples were present and Smith's full orchestra of seven pieces furnished the music. It was a very successful and enjoyable party.

TWO TREES AT ST. PAUL'S CHURCH

New Years Exercises Were an Echo of the Christmas Time.

Two large trees were lighted at St. Paul's Lutheran church Monday evening and services appropriate to New Years eve were conducted by Rev. C. J. Koerner. The services were largely attended and much enjoyed.

Local Snows Tonight.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows: 7 a. m. ... 6 above 1 p. m. ... 28 above Max. ... 28 above Min. ... 6 above Wind, west.

BRIEF BITS OF LOCAL NEWS.

FIGURE out, if you can, what the factory gets when Brown Bros. & Lincoln sell a woman's arctic at half a dollar. Ole Oleson's cow problem becomes a simple question. What do you care who loses? Its none of your bread and butter.

MANY of the local physicians took occasion on New Years day to make a parting call upon Mrs. Blanche D. Wells, the retiring matron at Oak Lawn hospital.

Cases on the Calendar Must Be Disposed of As Rapidly as Possible—Numerous Actions Settled Out of Court—Judgment Against a Lighting Company.

When Judge Bennett opened the circuit court this morning he called the attorneys down to business. They must be ready with their cases when called, he said—he did not propose to let the calendar drag on for an indefinite time. He then called the calendar as announced in The Gazette Monday evening, when a number of cases were stricken off as settled out of court. A judgment for \$125.35 was ordered in favor of George Cutter against the H. A. Doty Power and Light Company on a disputed claim for supplies.

IN THE BOND OF CUPID

Aiken-Edden.

The New Year opened for Mr. and Mrs. Clifford M. Aiken with an unusual share of congratulations and good wishes. On New Year's eve the young couple stood before Rev. Frank A. Pease and were united in hymen's band. The wedding, which was a surprise to many friends of the contracting parties, took place at the home of the officiating clergyman. The groom is a resident of Harmony, but formerly lived in this city; while the bride Miss Ida E. Edden, is a sister of Dr. R. W. Edden and daughter of T. H. Edden.

Little-Bates.

Miss Cora Bates and C. W. Little were married Monday evening at the home of the bride's sister, Mrs. Nye in Minneapolis. The bride is the youngest daughter of the late Jeremiah Bates, formerly of this city, and the groom is a prominent insurance man.

All Goods at Cost.

During this month I will sell all goods, now in stock, at actual cost. This article does not mean one or two cheap sales, nor a few old goods. It means every article in the store, including the latest and newest styles in birch and solid mahogany. This sale will last just thirty days.

NOVELTIES FOR EVENING WEAR.

Tight Collars Decorated With Tips Are Worn With Low Cut Bodices.

The reversion to the styles of Louis XIV, XV and XVI for evening dress will impart a picturesque appearance to evening assemblies. The double dress of the Marie Antoinette period, with its beautifully embroidered underskirt of pale satin, continued up the front of the bodice, is usually in handsome brocade or velvet, so far as the overdress is concerned. Such a dress can be carried out in any color, and in the favorite union of mauve and pink would be as novel as it would be becoming.

White satin continues to be the only wear for brides of any social station, and the elaboration of bodices is as marked on wedding dresses as on others. The prettiest and most appropriate trimmings are those in which the chiffon fichu plays a part.

Ostrich feather trimming is as fashionable as it is frail. It is employed as a decoration on wraps and day and evening

EVENING GOWN.

gowns and may be had in a great variety of colors. The tight collars now worn with low cut bodices are often made of this trimming, which is fastened on a ribbon band, rosettes of tips being placed at the sides and back. These collars are also made of small flowers mingled with ribbon. Although usually adorned with choux, some of the newest collars consist of merely the wrinkled band of velvet, crape or chiffon studded with fanciful cabochons or encircled by a narrow fringe with glittering pendants.

Pink, either alone or in combination with other colors, seems to be a favorite tint for evening wear or for other occasions where it is not too delicate or too conspicuous. These being drops of frank colors again, a clear rose or a light cherry shade is usually selected, bluish pink and other pale tints being too ethereal to show to advantage among the motley collection of vivid tones now seen at all full dress affairs.

The evening gown illustrated is made of rose satin. The skirt is tight above the hips, but just below them falls in full folds, secured at the top by a band of straw colored ribbon ending in bows. The foot of the skirt is embroidered with jet. The bodice is gathered in at the waist under a ribbon belt, and ribbon bretelles are fastened with erect bows on the shoulders. The décolletage is surrounded by a flat bertha of white gimpure. The elbow sleeves are full.

FACE AND FIGURE.

American Women Employ Fewer Artificial Aids to Beauty Than Foreigners.

Although a great deal is said about the use of face paints and enamels in the United States, it is scarcely worth mentioning, in view of the immense quantities of such articles employed abroad. In France rouge and complexion creams are as much a part of the toilet as the collar or gloves and are as skillfully put on. We hear continual remarks on the exquisite English complexion, and possibly the British maid and matron do possess a marvelous skin, but they cover it so thickly with foreign matter that the natural color and texture are invisible. On the same principle the glorious figures of English women are lauded to the skies, yet in point of fact they out-Herod Herod as far as the French corset is concerned, pinching and padding to a really marvelous extent. That the English constitution is superior to all others is manifest from

CAPOTE.

the apparent indifference with which it bears a course of treatment that would break down an American woman in a short time. However unhesitatingly a Frenchwoman may "improve" her complexion, she seldom laces tightly, in spite of the popular belief, and here she has the advantage over our countrywomen, who will try to ape their English cousins in that respect in spite of the difference of constitution and temperament.

An English bishop has publicly raised his voice not only against the use of birds for millinery purposes, but against the caging of wild song birds and their use as food. As it is stated that from 20,000 to 40,000 larks are sold in London in a day, it would seem to be time for an expostulation to be made.

A pretty little bonnet is shown in the sketch, the wings used in the trimming being made of jet. The bonnet is made of a violet felt plateau skillfully bent. A twist of violet velvet is placed next the hair in front, the jet wings being placed at each side. A moss green velvet bow, held by a jet buckle, trims the front of the crown. The strings are of black velvet.

Never in the history of this country have tariff changes made such havoc in the prices of imported lines of Dry Goods, Merchandise. Woolen

Dress Goods,
Silks,
Velvets, Carpets

are affected most. Knowing what was coming we have prepared for it.

Our Woolen Dress Goods lines are reduced so low that we are almost ashamed to show them. But inside of 15 days Five Hundred New Pieces will be on our shelves. We never were so low on wool dress goods as we are today. We never will be in as good shape to show a magnificent line as we will be in 15 days.

Our Stock of Silks

is also greatly reduced and we shall fill it up with 50 pieces of new choice stuff. These goods will be fully 20 per cent below any previous prices.

Our Carpet Stock

simply has been closed out, but the new stuff is coming. Twenty-five rolls came today and one hundred more will follow inside of 20 days. All New, all Fresh, all Attractive, all bought at from 5 cents to 20 cents per yard less than they have ever been sold for before. We are hurrying the new stuff forward just as fast as possible and we shall own the goods so cheap that we can sell at a small profit and merchants with big stocks of old stuff must sell at loss to meet our prices.

We are in just the position we want to be to take care of our friends in the spring Dry Goods trade. We shall adhere to our low price ideas and trust you will reciprocate.
